

INTRODUCTION

Welcome to the second e-news from Manifique.

Firstly, thanks for all the positive feedback about the newsletter and the website www.manifique.co.nz

What's new!

For your ease Manifique is now stocking for retail sales:

- American Crew hand and body moisturiser with tea tree oil – this is a fantastic product to help stop any ingrown hairs after waxing
- Exfoliating gloves
- Exfoliating cream

Call in soon and get some!

Did you know -

Waxing removes not only hair but also the outer most layer of skin and acid mantle. The acid mantle is the skins natural defence against infections and bacteria. Soaking in a warm bath with a cup of Apple Cider Vinegar will assist in restoring the acid mantle.

Waxing also opens the pores in the skin for up to 48 hours so you need to protect yourself from infection and treat the waxed area like mild sunburn so:

- Avoid UV and always use a sun block preferably SPF 30 plus
- Warm shower only (not hot or cold)
- Do not use any soaps or perfumes for 24 - 48 hours
- Exfoliate twice a week (Manifique now stocks exfoliating creams and gloves so call in and grab some)
- Moisturise every day until the new hair grows (look at the 'whats new' section)
- Do not use any deodorants for 24 hours (if underarms have been treated)
- Avoid wearing tight fitting clothing

- Do not use a swimming pool or spa for 48 hours
- Do not rub the waxed area to avoid the fingers spreading bacteria in the open pores
- Avoid intimate relations for 24 hours if you have been waxed in the genital region

Tip

Now the cooler weather is setting in, it is time to apply that moisturiser to stop the skin drying out and getting flaky AND drink plenty of water - the skin is the largest organ in the body and the last to be fed. So DRINK UP!!!!

And also?

Moisturiser does not actually penetrate the skin, it stays on the surface layer

and retains the moisture in the skin already.

Special Deals
until the end of May

Facials

using Janssen products

Usually \$60

NOW \$45 (whilst stocks last)

Dates to remember!

Manifique will be closed for business for the month of June. I am flying to the UK on 1 June and returning on 3 July. Whilst I am in the UK and Europe (Prague, Bratislava and Budapest) I will be researching new products for Ribbonwood Country House and Day Spa (due to open in 2012)

Lastly:

Keep checking the website as I will update it regularly.

Whilst my target market are male clients, women clients are most welcome too. All my services apply to both genders.

Gift Vouchers are available for any denomination or any treatment.
